RE: Vasquez Boulevard/ Interstate 70 Site

Dear Antonia:

I am pleased to transmit two copies of the final Feasibility Study Report for Operable Unit 1, Vasquez Boulevard/Interstate 70 (VB/I70) Superfund Site. With the release of this document, EPA will begin developing a Proposed Plan for remedial action at VB/I70 Operable Unit 1. The final Proposed Plan will be released to the general public and a 60 day public comment period will be provided. During the public comment period, EPA will accept comments on the Remedial Investigation Report, the Baseline Human Health Risk Assessment, and the Feasibility Study. EPA will select a remedy for VB/I70 Operable Unit 1 only after consideration of all comments received during the comment period.

EPA looks forward to working with you and the CEASE Coalition during the public comment period and the remedy selection phase of this project. If you have questions or if your organization would like to meet with EPA to discuss any aspect of the project, please don't hesitate to call me at (303)312-6579.

Sincerely,
